
Guarding against False Teachers and Living Godly Lives

1. False Teachers will be among Us:

denying their Master – our Lord & Savior Jesus Christ

- they secretly bring in destructive heresies, enticing unsteady souls
- God will judge them & rescue us
- they are blasphemous & ignorant,
turning their backs on Christ & His gospel

2. They have Eyes full of Adultery:

leading many astray & blaspheming the way of truth

- they entice by sensual passions those barely escaping
their sinful ways
- they promise freedom but are slaves of corruption

→ Repent of sexual idolatry & honor the gospel-exalting
marriage covenant

3. They have Hearts Trained in Greed: exploiting us with false words, while condemned & judged by God

- they are accursed children who've forsaken the right way
& gone astray

- they love gain from wrongdoing

→ Reject the prosperity gospel by loving Jesus & not money
(nor the things money can buy)

4. Conclusion: Teach & obey the gospel, guarding against sin & false teachers

- Worship God with a Trinitarian heart & theology:
that is God-glorifying, Christ-centered & Spirit-filled

- Embrace the way of the cross:
with resurrection power & the hope of the 2nd coming

- Study & teach all of God's word:
with our focus on Christ & His gospel
