

4. Be quick to listen & slow to post: giving off more “light” than “heat” & sometimes saying nothing at all

“Speaking the Truth in an Age of Social Media”

1. Love Christ & mature in Him:

thru the fellowship, unity & collective wisdom of the church

5. Research before posting:

& reference those more experienced than ourselves

2. Walk the talk: repenting of our blind spots, idols & fears

6. Speak the truth in love: with holistic praise & confrontation

3. Preach & lift up Christ:

& don't be defined by what we're against

7. Use social media for God's glory: while spending more time in the Word & talking to people face to face
