
Embracing Biblical Civility, Citizenship & Justice

1. Biblical Civility amidst Hostility:

- **Be quick to listen, slow to speak & slow to anger** – honoring all people while seeking the collective wisdom of diversity

- **Be counter-cultural bridge-builders & peacemakers** – speaking truth to power without demonizing those we disagree with

2. Biblical Citizenship amidst Diversity:

- **Be Christ-centered dual-citizens** – giving thanks for our country, as a prophetic minority, who repent holistically

● **Trust in the Sovereignty of God** –

voting with the long-term perspective in mind (& sometimes for independent candidates who are “going to lose”)

3. Biblical Justice amidst Idolatry:

- **Be “prophetic from the center”** – confronting tribalistic sins without being defined by what we’re against

● **Wait joyfully & courageously for King Jesus to return** –

while sacrificially loving & praying for our neighbors & enemies
